

Instructions for Completing the Student and Team Coach Registration Forms

NOTE: A student who is a minor must have his/her Student Registration Form signed by a parent or legal guardian. Students will need to submit the completed Student Registration Form along with the signed Parental Consent section to participate in the National Economics Challenge.

Dear Team Coach:

Thank you for signing up your students to compete in the 2009 NCEE/Goldman Sachs Foundation National Economics Challenge. As the team coach, we ask you to make sure that everyone in your team(s) participating in the competition (including yourself) completes a registration form (you should find a **Student Registration Form** as well as the **Team Coach Registration**). Students need to obtain a parent's/guardian's consent signature so it is strongly advised that the forms are provided to the students in advance of the competition date. All forms must be submitted to your state Economics Challenge coordinator by the day of the competition.

Please be assured that any individual information provided by students or team coaches on these forms will remain strictly confidential and will not be sold to third parties. Information collected from these registration forms are solely intended to confirm the students' attendance at the competition, their participation in the appropriate competing division, and to evaluate the competition program using aggregated data. No individual's identification or response will be revealed in any summary or publication of the evaluation process. Please feel free to share this instructions sheet with any parent who has questions about the registration form.

Thank you and your students for your cooperation in this matter! We hope your team has fun at the state competition!
